About the Conference

We cordially invite you to the 6th International Conference on "Materials for the Millennium (MatCon-2021)" during 15-19th March 2021 at the Department of Applied Chemistry, CUSAT. MatCon is an intermittent venture of Department of Applied Chemistry aimed at assembling a panel of experts working at the forefront of Chemical Sciences from academic institutions, research laboratories and industries at the national and international level. It includes invited lectures by eminent scientists who have made significant contribution to the field of Materials Chemistry, oral and poster presentations by young researchers encompassing the theme areas. The conference will be an opportunity for the constructive dissemination of knowledge and research among the scientific community.
